

# NOVEMBER NEWS

## November

November is here and I'm sure it will fly by! We have another mindful movement session booked and the possibility of another nature outing later in the month, TBD!

## Literacy

We are continuing to work on our phonemic awareness and are building in phonics practice as well. Students are starting to recognize familiar words in print, determining onset sounds, rhyming words, and building compound words and combining and taking apart syllables-your students have been working so hard!

This month we will be focusing on the print side of literacy-correct letter formation and writing and decoding simple words.

## Numeracy and Science

Students have been busy practicing subitizing, patterning, comparing and contrasting quantities and sizes, and measuring. The weather changing provides so much opportunity to explore natural science and study animals-we will continue this in November.

## Remembrance Day

Please note that we will be reflecting on Remembrance Day this week, including an assembly on November 4. School is closed November 8-12.

## Early Out

Wednesday, November 3 is early out. Please expect your child to be dismissed one hour earlier.

## Virtual 3-Way Conferences

Virtual 3-Way conferences are scheduled for November 3&4. I would love to meet with you! Please see communication from Mrs. Antoniuk to book. If your child is on an ISP, Ms. Wuinow will arrange another time for us to meet.
