

April 8, 2024

Dear Parents/Guardians,

On April 23rd, 2024 we will have the opportunity to visit the Telus World of Science! This program complements the Grade Four Science Curriculum and our last unit: Building Devices and Vehicles that Move.

We will be leaving the school at 8:45 AM to arrive at Telus World of Science at 9:15 AM. First on the agenda, students will watch the Dream Big: Engineering Our World 3D IMAX movie. Next, we will participate in the Thrill Rides program where students will design and build their own model roller coaster! After our program, there will be a bit of time to explore the feature exhibit. At 12:00 will have lunch in the group lunch space. *Please send your child with a packed lunch for this day!* After lunch, students will have free time to explore the rest of the exhibits. The bus will be picking us up at 2:00 PM. We will return to the school at 2:30 PM.

Program cost: \$22.13

Bus Cost: \$8.00

Total: \$30.13

The cost is based on full class participation. Please log into your parent portal to pay the required fees. We wouldn't want anyone to miss this amazing learning opportunity!

If you have any questions please feel free to contact me.

Mrs. Alyssa Jessome

*** We are looking for up to 4 parents to join us as volunteer supervisors. Please indicate below if you are able to volunteer and I will be in touch.

____ Yes, I would like to volunteer for this field trip!
