

Dear Parents,

Teacher's Pet Educational Services is visiting our classroom! Our students will have the opportunity to participate in interactive stations while learning several key components of the curriculum.

Ride the Wave

Close your eyes and focus on your sense of hearing. What do you hear? Now, cover your ears and open your eyes, what do you see? Do you care to join us on an exhilarating experience to explore the behaviours and wonders of light and sound? Make sure you put on your thinking caps and pay attention as we also investigate how light moves, where light comes from, and how the path of light can be changed. You will also assess different sounds you hear and get the opportunity to learn how to distinguish various characteristics of sounds. Make sure you watch closely and listen intently as we investigate light and sound.

Date of presentation: Friday Feb 28, 2025 Time: 1:00pm

Cost: 14.80 Please return your payment for this event by as soon as possible

Please sign up if you want to volunteer and participate in this exciting experience! We kindly ask that volunteers arrive 15 minutes before the start time of the program.
