## Our Learning

I can't believe it's already May! This year has flown by!

We are continuing to build our literacy skills, this month working on manipulating sounds in words (adding, deleting, and substituting), and developing fluency by working to recognize letters and words with speed and accuracy.

For numeracy, we are continuing to practice composing and decomposing numbers, but we will also take time to focus on measurement-especially as it applies to the environment and our neighbourhood. We will be connecting to geography and mapping out areas that have meaning to us.

In religion, we are learning about how we work together as a Faith community -exploring the ways that we celebrate our Faith, and learning about how Jesus served and how we can shine our light as Catholics! Also spending time exploring the Rosary during the month of Mary.

We have a field trip to Strathcona Wilderness Center on May 15<sup>th</sup>! Volunteers are welcome - see our Classdojo for volunteer sign up.

## Upcoming Events

### Malvern Park

May 8<sup>th</sup> 1-3pm

May 22<sup>nd</sup> 1-3pm

May 27<sup>th</sup> 1-3pm

### Cultural Potluck Evening

May 8th @6pm

### Strathcona Wilderness Field Trip

May 15th 9:00-2:30

### School Closed

May 19th

### Volunteer tea

May 30<sup>th</sup> 1-2pm

We will be continuing our learning from the land around us and exploring our spaces. This month, we are going to spend some time in Malvern Park, near the school to observe the natural world. In June, we will walk to Woodbridge Farms Park to observe the wildlife that lives in local wetlands, identifying birds talking about their lifecycles, and discovering small creatures while pond dipping! We will also be exploring the lifecycles of animals, including frogs, butterflies, ducks and geese, and will discuss pollinators and the role they play in our environment!

# MAY

Monday	Tuesday	Wednesday	Thursday	Friday
			1	2 PD day
